Bilingual or Proficient (C2)

## PROFESSIONAL SUMMARY

Aspiring Software Engineer | Web & App Development Enthusiast | Graduating in 2024
Dedicated to improving skills through hands-on learning and development work. Proficient in mobile and desktop development environments. Well-organized and collaborative team player with strong communication and analytical abilities. Web Developer with passion for creating attractive and interactive websites meeting customer needs and exceeding expectations. Detail-oriented, organized and meticulous employee. Works at fast pace to meet tight deadlines. Enthusiastic team player ready to contribute to company success.
Passionate student set to graduate from IBERO Puebla in 2024 with a deep love for technology and a drive to innovate in the digital world. Explored various facets of the tech world, nurturing a profound interest in Web Development, SaaS, Frontend Development, Fullstack Development, Design, AI Services and App Development. Dived into a multitude of programming languages, including Typescript, Python, C++, and Rust.

May not have formal industry experience but honed skills through freelancing and entrepreneurship. These experiences have taught the value of independence, project management, and problem-solving, giving me a unique perspective on the software development process. Provided AI services in Fiverr and Full Stack development projects for different enterprises.

Eager to contribute skills and knowledge to build innovative solutions that make a positive impact on people's lives. Excited to embark on a career in the tech industry, leveraging my passion and expertise to create meaningful digital experiences.

Always longing to connect with like-minded individuals, mentors, and potential collaborators who share the same passion for technology and innovation.
